

Saving Lives by Promoting Teenage Driver Education

The Abby Miller Memorial Scholarship

**What would the community be like
with more "Abbytude"?**

The Abby Miller Foundation will honor a Unionville High School graduate who has demonstrated "Abbytude" with a \$5,000.00 scholarship.

When asked to describe Abby; friends, family, teachers and coaches use such words and phrases like: "energetic", "happy", "lived-large", "friendly", "made others laugh", "complimentary", "made the party", "put people at ease", and "passionate about children".

One mother told a story about how Abby stood up for her son on the school bus when others were teasing him. A classmate related how Abby took her by the hand and introduced her to friends around the school when she was the new girl.

Abby was the kind of person who was able to make every friend feel as if they were her best friend. You could always go to her if you were in need. We use the term "Abbytude" to describe her spirit of "living in the moment" and "loving with meaning".

In this light, please tell us how you demonstrate "Abbytude" in your life. In addition to your description, please attach a recommendation from someone of your choosing. This could be a parent, teacher, coach, friend or peer.

**Please submit your application to
UHS Counseling Center by April 1, 2009.**
